2006 TILP Annual General Meeting

TILP's 2006 AGM will take place on the evening of Thursday, 16 November 2006, in London's Cophthorne Tara Hotel. The AGM will follow the November TILP Ask the Experts Session organised in conjunction with ASLIB Translating and the Computer 28, the longest running and most prestigious conference of its kind in the world. TILP is proud to be a sponsor of this year's conference which will feature a half-day Ask the Experts Session on Careers in Localisation: Training, Education, Certification.

This session will introduce participants to the training and educational programmes currently available and report on the Certified Localisation Professional Programme (CLP). Its highlight will be a panel discussion with participants from the freelance community as well as representatives from the academic, client and vendor side of the business. The session will conclude with a reception hosted by TILP in honour of the first Fellow Member of The Institute of Localisation Professionals.

TILP fellows are distinguished members of the Localisation Community who are proposed by the TILP Council and honoured at special events. They advise TILP on its work in areas such as the CLP. While student and associate membership to TILP is open to anyone with an interest in localisation and applications for professional membership (MILP) undergo strict peer-reviews, TILP Fellows (FILP) have to be proposed by the Council. They are highly distinguished members of the Localisation Community and advise TILP on its actions.

Members of the 2005/2006 Council: Alan Barrett (President), Daniel Carter (Deputy President),
Barbara Jarzyna, Florian Sachse (Vice President), Angela Starkmann Lehr. Secretary and CEO: Reinhard Schäler
